

WHERE IS THE B C ?

Uncle Leroy got married and they rented them this house sort of back out in the back woods of our mountain county... Well they got moved in and decided to check the place out.. Everything looked just great - until they checked the bathroom. Well they couldn't find the commode anyplace. Leroy looked for the ole familiar path out back but there wasn't even an outside john....Leroy told his new bride to write a letter to their land lord and ask him about the bathroom commode. Well she was quite shy and so she abbreviated the words with "B" "C" and explained the situation -asking where the B C was....Landlord gets the letter and he just couldn't understand the B C part but he finally figured they was talking about the Baptist Church....So He wrote the following letter to Uncle Leroy and his new wife.....

Dear Renters:

I regret very much the delay in answering your letter, but I take great pleasure in telling you the B. C. is located seven miles from the house and is capable of seating about 250 people.

This is very unfortunate indeed if you are in the habit of going regularly, but, no doubt, you will be interested to know a great number of people take a lunch and make a day of it.

They usually arrive early and stay late. The last time my wife and I went was O' about two years ago, and we had to stand up the whole time.

It might interest you to know a fund drive has been planned to raise money for new seats.

I would like to say it pains me very much not to be able to go more regularly, but it is surely not

due to a lack of desire on my part. As we grow older it seems more of an effort - particularly in cold weather..

May I hope to see you there one day!

Sincerely Yours:

Your Landlord
